

Account Limitations

- The HCRL can only be used by participants of the HDHP + HSA Medical Plan.
- This plan only covers Qualified Dental & Vision Expenses.

Why Participate?

You can save taxes! Employees have the opportunity to participate in comprehensive medical and dental plans. However, there are many dental and vision expenses that are not covered or only partially covered—such as glasses, contact & contact solution and orthodontia.

The Limited **Health Care Reimbursement Account** (HCRL) allows you to take advantage of current tax laws (IRC Section 125) to pay for these expenses with **pre-tax dollars**. Your tax savings can be significant, but maximizing your benefits requires understanding the plan and some planning.

How Does This Work?

- Elect to make pre-tax payroll contributions into an account, during open enrollment or as a new hire.
- After the plan year begins (or coverage as a new hire), you, your spouse or your dependent incur qualifying dental and vision expenses.
- Access funds in your account:
 - File a claim and provide the appropriate supporting documentation as indicated.
- **The full amount you elect to deposit in your HCRL for the year is available to you at any time after January 1st (or coverage effective date for new hires).**

CLAIMS ADMINISTRATOR:

Estimating Your Expenses

We recommend you review the deductible and co-insurance provisions of your dental and vision plans, and look at your out-of-pocket medical expenses over the past year or two. Then use the Tri-Star online worksheet to plan your annual election. Expenses incurred by you or your dependents qualify regardless of whether you participate in any of your employer’s dental or vision plans.

Many expenses like orthodontia payments, glasses and contacts are easily predictable. Others, like eyeglasses and contacts may be deferred or accelerated from one plan year to another depending upon the balance of your account.
